Humble prayer

This week we are learning about being humble - humble is not being proud and thinking we are better than others. Its also being able to admit when do wrong and saying sorry.

Is it easier to notice when you do something wrong or is it easier to notice when someone else does something wrong? Could you give some examples?

Read Luke 18: 9-14 and/or watch the video

In Biblical times, tax collectors were known for taking more money than was owed and the Pharisees were the religious leaders of the day.

The Pharisee and the tax collector prayed in very differnt ways.

How did the Pharisee pray, what kind of attitude did he have?

When might we act like the Pharisee?

How did the tax collector pray?

How can we be humble in our prayers?

Do you find it easy or hard to say you are sorry?

What advice to you think Jesus would give us in the way we should pray?

Make and decorate a thankfuk jar. Every day you can write down all the things you are thankful for and fill your jar. At the end of the week empty your jar and read back them back.

Dear God, please help us to be humble like Jesus. Help us to put you and other people first and to be able to say sorry when we have done things wrong. Amen
